Posh Pawz® Collars. As. Art. Now available for Wholesale.

Welcome to Posh Pawz® – I'm Candis Noble, Creator and Designer of the Luxury Brand, Posh Pawz®.

As a professional interior designer, design has been my passion for over 20 years, and will no doubt be for the rest of my life. My passion for dog collars began with my two whippets and has evolved into my designing for all breeds of dogs.

I love what I do, and I love to create. I hope my designs will evoke images of history, fantasy, and magic in all who appreciate them.

I would love to talk with you about how we might work together to meet the needs of your discerning dog clientele.
